. . . about BOLTAFLEX

BOLTAFLEX is guaranteed by the Good Housekeeping Institute against chipping, peeling and drying out. Virtually all stains wash off in a jiffy with soap and water. BOLTAFLEX resists stain and fading and is fire resistant. The climate and the wear and tear of many years of active use have little effect on BOLTAFLEX-covered furniture.

BOLTAFLEX is as tough as the proverbial elephant's hide. No amount of flexing can possibly affect it. Because it is solid color throughout, no amount of wear will change its striking beauty.

Comfortable for Summer Lounging In All-Weather Enameled Steel

Create a real outdoor living room for summer comfort and relaxation at small expense! Gliders, swings, and settees designed in heavy 18-gauge steel with gleaming baked-enamel finish, highly resistant to weather, chipping, rust. Easy to keep sparkling new—just wipe with damp cloth to restore luster.

STYLED FOR COMFORT with shaped form-fitting seats or tempered Ribbon-steel seats, arched to give the resiliency of soft innerspring sofa cushions. Comfort, but without upholstery to rescue from summer showers—furniture is impervious to sun and rain alike. Ideal choice for porch, patio or lawn.

SMOOTH GLIDER ACTION with noiseless steel strap suspension. Balanced tubular steel stands resist creeping. Two widths—one narrow for smaller porches or patios where space is at a premium.

STATIONARY SETTEES with the good looks of gliders, but without motion for those who prefer stationary relaxation.

ALL STEEL PORCH SWINGS in the modern manner to match your new furniture. Old-fashioned comfort with a new look.

CHOICE OF DECORATOR COLORS: Sea-foam green, Chinese red, canary yellow or white, with white frame—for congenial groupings with chairs shown at left.
